

Synology 2020

The Synology logo consists of two yellow circles stacked vertically, with a yellow square to the left of each circle. The top square is partially overlapping the top circle, and the bottom square is partially overlapping the bottom circle. The top square has a grid pattern.

DS218

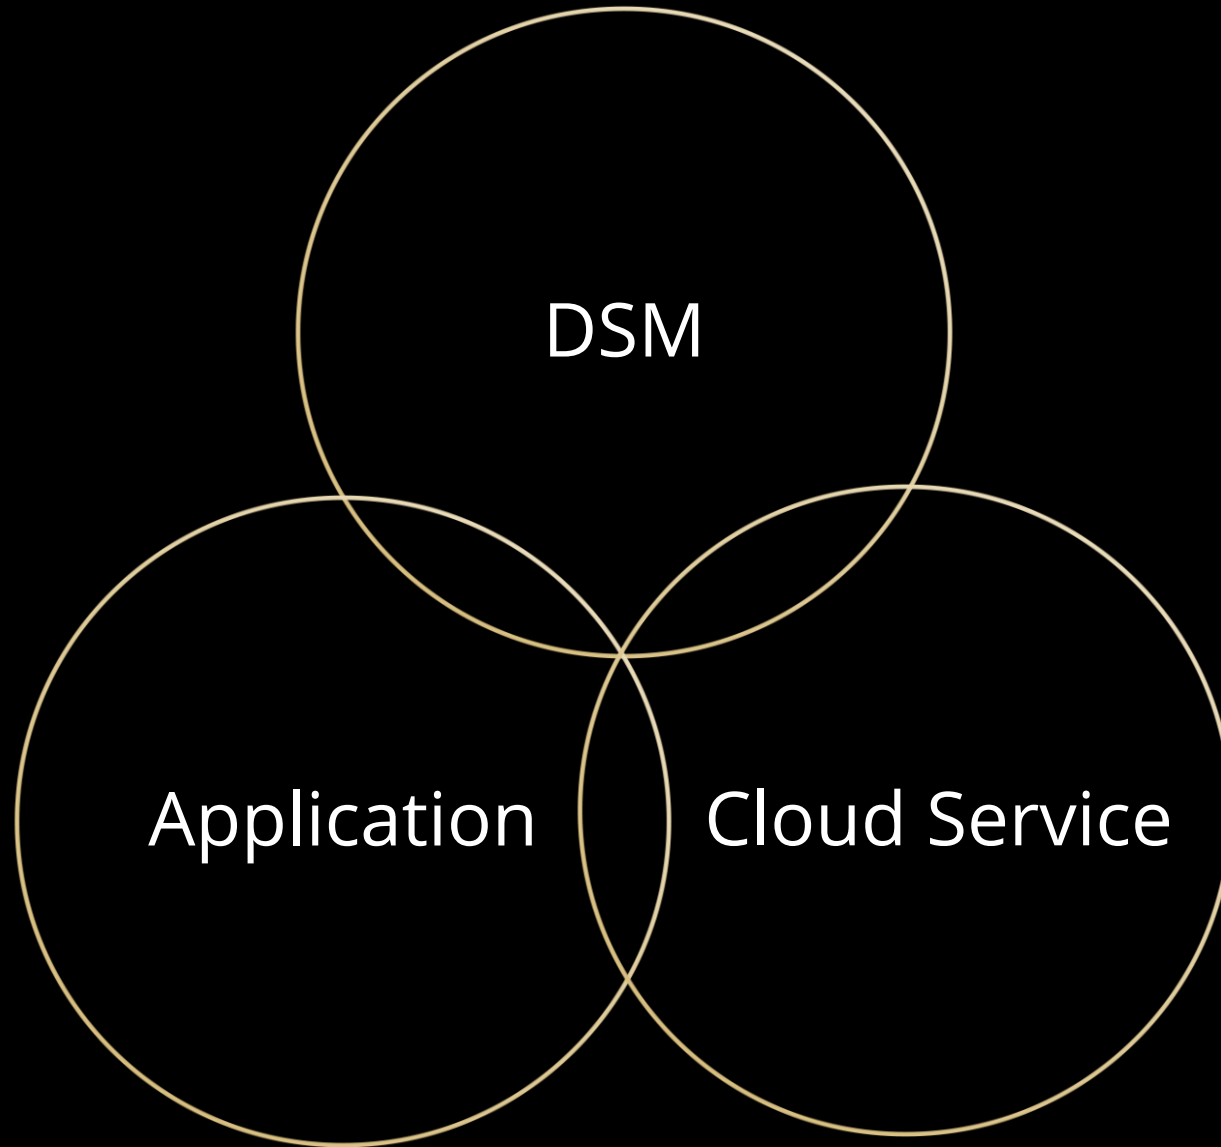

A world map composed of a grid of small grey dots on a black background. The dots are arranged in a pattern that roughly follows the outlines of the continents, with a higher density of dots in the landmasses. The text "More Than 6 Million Devices Worldwide" is centered over the map in a light yellow color.

More Than 6 Million Devices Worldwide

Synology Cloud²

A landscape of clouds and mountains under a soft sky. The foreground is filled with thick, white, fluffy clouds. In the middle ground, there are several mountain peaks, some of which are covered in snow. The sky is a pale, hazy blue, suggesting a clear day. The overall mood is serene and expansive.

Sales Manager

Mark Larocque

The background features a dark, almost black, space filled with a complex network of thin, golden-yellow lines that connect various points, creating a mesh-like structure. Interspersed within this network are numerous small, glowing golden-yellow dots. The overall effect is reminiscent of a data network or a digital terrain. In the upper and lower portions of the image, there are faint, vertical columns of binary code (0s and 1s) in a light yellow or white color, which appear to be part of the digital landscape's structure.

Synology Drive

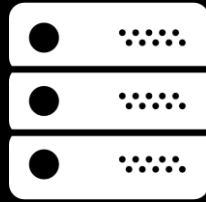

A dark background featuring a complex network diagram with numerous nodes and connecting lines, suggesting a distributed system or data network. The nodes are represented by small circles, and the lines are thin and light-colored, creating a web-like structure.
